

# SVT CLASS 10 SD Card

## Main Features

- ◆ High quality, industrial-level
- ◆ Using SMI controller with good compatibility
- ◆ Big capacity: 32G/64G (optional)
- ◆ Fast read / write speed
- ◆ Optimization through wear leveling algorithm
- ◆ Nand Flash: high reliability and long life
- ◆ Work-temperature: -30°C~70°C; Can adapt to extreme temperatures
- ◆ Low power consumption

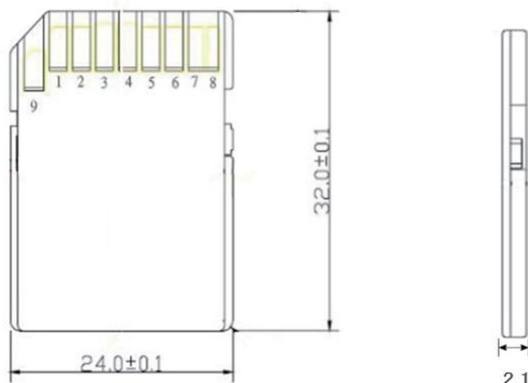

## Overview

Streamax Mobile Recording SD Card is the industrial-level video card, specially designed for Streamax mobile digital video recording (MDVR). It has big capacity, fast read/write speed, data protection, and long life, etc.

## Specification

Product Series	SVT Class 10 SD Card (32GB or 64GB)
Capacity	32GB, 64GB (Optional)
Reading Speed	19MB/s
Writing Speed	15MB/s
Service Life	10 years
Security	Built-in write protecting switch prevents data loss accidentally
Working Voltage	2.7V~3.6V
Standby Voltage	2.0V~3.6V
Working Temperature	-30°C~70°C
Dimension	24mm*32mm*2.1mm

## Dimension
